

ARISTEIDIS KAMPAS

UX/UI Designer

PEDER HJORTS VEJ 10, 3.TV 2500 VALBY, DENMARK

PROFILE

I am a UX/UI Designer, with a passion in creating a simple yet unforgettable user experience in web/application development. I love to work with others and I particularly enjoy learning and sharing knowledge with my colleagues. I am passionate about the digital world and I love art and design. My interests also include digital photography and video editing.

I am involved with Power Intern, the CPHUX community and with the Startup Weekend Copenhagen community where I volunteer.

Additionally, through my formal education and professional background, combined with my work and life experiences, I can bring along a strong work ethic, reliability and new ideas.

Furthermore, my strong verbal and presentation skills allow me to communicate effectively across all levels of decision making. This also makes me a strong asset in cross-cultural teams, in where I thrive.

WORK EXPERIENCE

2018 - Present

Founding Partner at PowerIntern.com

Power Intern is a mentorship program for interns at companies.

- Conducted market and user research
- Transformed concept into a viable business plan and oversaw implementation
- Designed and updates the website
- Provides workshop planning, administration and assistance
- Expands network by recruiting mentors and attracting customers

2018 - Present

Partner at CPHUX

CPHUX is a community for professional UX designers. Our mission is to bridge the gap between UX designers and companies, unite them and create transparency around UX.

- Assists with administration of the organization and hosting of Meet & Greet events

2017 - Present

Organizing Volunteer at Startup Weekend Copenhagen #CPHSW

Startup Weekend is one of the largest startup event organizers under Tech Stars.

- Supports event organization and volunteers during the event.

2013 - Present

Managing Partner at aMazy.dk

aMazy.dk is a web-shop for jewelry making enthusiasts.

- Manages graphic design and executes digital marketing
- Directed the shop's transition to a responsive platform
- Maintains database (SQL database, Db Backup and migration from OS Commerce)

EDUCATION

2017-2018 UX Design Certification Program
CareerFoundry
A 10 month long intensive training program for UX Designers, specializing in UX process and methodology, that included:

- **User Research**
- **User Journeys**
- **User Personas**
- **User Testing**
- **Information Architecture**
- **Visual Design fundamentals**

Designed several real-world projects using software such as **InVision** and **Sketch** for wireframes and prototypes. Additionally, I took a 2-month long specialization in **User Interface** design.

2000-2004 Studies in Banking and Finance
University of Piraeus
Department of Banking and Financial Management (47 courses out of 52 towards a BSc in Finance)

1994-1999 Bachelor of Science, Accounting
Technological Educational Institution of Piraeus
Department of Accounting and Finance

HOBBIES & INTERESTS

Cinema Biking
Painting Travelling
Photography Games
Filming Literature
Music Electronics

SELECTED KEY ACCOMPLISHMENTS

The **Power Intern program** is currently running its first pilot internships.

Took part in the **eBay Startup Cup Berlin**, for a two-day business model workshop boot-camp and it was chosen to participate in the actual competition in September 2018 as one of 27 teams from a total of 55.

Successfully designed and launched our website on March 2018.

Our team won the **Nordea Liv & Pension Challenge** during **Startup Weekend 2015 Health**, for our project GoVo.

The same project was the subject of my design deliverable during my UX Certification Program because it is something close to my heart and is now part of my portfolio (Link).

Designed a **Real Estate application**, called **Realty Finder**, as part of my User Interface specialization during my UX Design Certification Program (Link).

In late 2017, our Startup Weekend Copenhagen team, **successfully organized** and ran the first **Mega Startup Weekend**, which was the biggest event of its kind in Europe to date, with 4 different themes in one venue, over 300 participants, 4 different judging panels.

During Startup Weekend Fintech 2016, **our team won the 2nd place** for our project PensionPass.
